

PRODUCT NAME AND CODE CHANGE WORKSHEET

INCLUDING NEW PACKAGE CODES AND SAMPLE LABEL

Hello Valued Customer,

Please pardon our dust as we continue to grow. We have started implementing a few changes and this will continue over the next few months. We will be updating our Website along with our price book, some product names, nearly all product codes, and product labels amongst other items. Unfortunately, there will likely be some inconsistencies throughout this process. Please rest assured we will take the necessary steps to make these improvements as swiftly as possible. You can expect the same high-quality products and service you have been accustomed to. Feel free to contact us with any questions or concerns you may have – 888.246.2563 or [Contact Us | BioBlend](#).

Please use this list as your guide to the coming product name and code changes. *****Additionally**, please see the package size extensions and an example image of our new labels (for 5 gal pails, kegs, drums and totes/bins) at the bottom of this document.
